How to stream Tv channels from Ipad/Iphone to tv

1 / Download the apps from the channels you want to see onto your ipad/Iphone (do this at home), register with each app.

The app must allow your screen to be sent via "AirPlay" to an Apple TV.

2 / In Spain:

Turn on the TV by pressing the "TV" button on the remote control of the TV (see photo, **yellow arrow**). If you see "No Signal" at the bottom right of the screen, press the "TV" button on the remote control again. You will now see the last selected TV channel when the TV was switched off.

3 / Select the HDMI1 output:

Press the "sources" button on the remote control (see photo, green arrow)

4/Now you see all the options on the screen.

Press the "down" button (under "OK") on the remote control (see photo, <u>blue arrow</u>) 4b / Then you press the button "to the right" (right of "OK") (see photo, <u>red arrow</u>) until you see "APPLE TV" in the blue on the TV screen.

Now press "OK"

5/Now switch on the Apple TV:

Press the silver circle on the remote control of the AppleTV (see photo, **green arrow**) You will now see the appletv's menu on your screen

6 / Now you start the desired app, on your Ipad or iPhone.

7 / Choose in the app what you want to see.

For example, "Watch Live", choose the program you want to watch and start playback.

Wait a few seconds (until you see "II" on your iPad / iPhone screen)
Now select the "AirPlay" function in the upper right corner of the iPad / iPhone screen (see photo, <u>yellow circle</u>)

Then select sharp "<u>AppleTvCdG91</u>" on your iPad / iPhone The image of the iPad / iPhone now appears on the TV screen.

Wait about 30 seconds, and then you can close the Ipad / iPhone and continue watching on the TV screen.
